

# Lost Child Procedure from Outings

EYFS: 3.65, 3.73

At **Coalway Early Years** we are committed to promoting children's safety and welfare. This includes when children are on outings. We carry out regular head counts of children throughout any outings. In the unlikely event of a child going missing whilst on an outing we have the following procedure which we implement immediately:

- The senior member of staff in charge of the outing will assume responsibility and all staff present will be informed. Some staff will be deployed to start an immediate thorough search of the area, ensuring that all other children remain supervised, calm and supported throughout
- If appropriate, on-site staff will also be informed and a description given
- The designated person in charge will immediately inform the police
- The designated person in charge will then inform the nursery who will contact the child's parents giving details of what has happened
- During this period, staff will be continually searching for the missing child, whilst other staff maintain the safety and welfare of the remaining children
- It will be the designated person in charge or the manager's responsibility to ensure that there are adequate staff to care for the children and get them back safely to the nursery, a member of staff to meet the police and someone to continue the search (this may mean contacting relief staff)
- Any incidents must be recorded in writing as soon as practicably possible including the outcome, who was lost, time identified, notification to police and findings
- In the unlikely event that the child is not found the nursery will follow the local authority and police procedure
- Ofsted must be contacted and informed of any incidents
- With incidents of this nature parents, carers, children and staff may require support and reassurance following this traumatic experience. Management will provide this or seek further support where necessary
- In any cases with media attention staff will not speak to any media representatives
- Post-incident risk assessments will be conducted following any incident of this nature to enable the chance of this reoccurring being reduced
- On an external trip where parents/carers are accompanying their children, parents and nursery staff will liaise with the venue staff/organisers and follow their procedures.
