

Staff Development and Training

EYFS: 3.20 – 3.26

At **Coalway Early Years** we value our staff highly. We believe that personal and professional development is essential for maintaining the delivery of high-quality care and learning for children in their early years. It underpins all aspects of positive interactions and activities planned for children.

In the interests of the nursery, the children, their families and the individual we give every staff member the opportunity to develop their skills to their maximum and to broaden their knowledge and skills in caring for children. A comprehensive and targeted programme of professional development ensures practitioners are constantly improving their understanding and practice. High-quality professional supervision is provided, based on individual performance related targets, consistent and sharply focused observation and evaluations of the impact of staff's practice.

All management staff and senior room staff are qualified to at least Level 3 (or equivalent) or above in childcare and education or Early Years Educator. Other staff working at the nursery will either be qualified to Level 2 or undertaking training. Where necessary staff will be supported to achieve GCSE grade C and above in Maths and English for the completion of the Early Years Educator. We ensure that the appropriate ratios of qualifications, in accordance with the EYFS, for staff in the rooms are met or exceeded.

We strongly promote continuous professional development and all staff have individual training records and training plans to enhance their skills and expertise, which are based on discussions at supervision meetings and appraisal meetings. We have a training budget which is set annually and reviewed to ensure that the team gain external support and training where needed.

To facilitate the development of staff we:

- Coach, mentor, lead and offer encouragement and support to achieve a high level of morale and motivation
- Promote teamwork through ongoing communication, involvement and a no blame culture to enhance nursery practice
- Provide opportunities for delegation based on skills and expertise to offer recognition and empower staff
- Encourage staff to contribute ideas for change within the nursery and hold regular staff meetings and team meetings to develop these ideas. Regular meetings are also held to discuss strategy, policy and activity planning
- Encourage staff to further their experience and knowledge by attending relevant external training courses

- Encourage staff to pass on their knowledge to those who are less experienced and share knowledge from external training with small groups of staff within the nursery
- Provide regular in-house training relevant to the needs of the nursery
- Carry out termly supervision meetings with all staff. These provide opportunities for staff to discuss any issues particularly concerning children’s development or well-being, identify solutions to address issues as they arise and receive coaching to improve their personal effectiveness. Staff appraisals are carried out annually where objectives and action plans for staff are set out, while also identifying training needs according to their individual needs
- Include plans for training needs and continuous professional development within the nursery in the action plans and evaluation tools used (SEF, Continuous Improvement Plan)
- Promote a positive learning culture within the nursery
- Carry out evaluations of all training events and use these to evaluate the training against the aims set to enable the development of future training programmes to improve effectiveness and staff learning
- Provide inductions to welcome all new staff and assign a mentor to guide and support new members of the team
- Identify training needs quickly for new members of the team and ensure coaching and training is put in place at the earliest opportunity
- Offer ongoing support and guidance
- Offer varied information sources including membership of local and national organisations, resources, publications and literature to all staff.
